LETTER OF COLLABORATION

To the US 250 Tour / Moms for America Foundation

(Founding Member of the Freedom 250 Network)

Dear Kimberly,

It is a pleasure to formally recognize the **US 250 Tour** as a **Founding Member of the Freedom 250 Network** and an inspiring national partner in the celebration of America's 250th anniversary.

Your vision — visiting all 50 states, engaging millions of families, celebrating our nation's history, and reviving the American spirit — aligns powerfully with Freedom 250's mission to unite the country through uplifting, nonpartisan, community-centered experiences.

Freedom 250 applauds your leadership, your grassroots energy, and the scale of the tour you are building. Your programming — from the Liberty Trips to the Freedom Village to the Great American Journey — represents the best of what civic engagement can be during this historic year.

As collaborators in this national effort, Freedom 250 intends to:

- Recognize the US 250 Tour as part of the Freedom 250 Network
- Explore opportunities to align storytelling, timing, and national messaging
- Facilitate high-level introductions as appropriate within our national network
- Coordinate brand and communications strategy to support a unified national experience

The US 250 Tour retains full operational responsibility and creative leadership for its nationwide events and programming.

This letter is nonbinding and intended to affirm Freedom 250's enthusiasm for the US 250 Tour and our shared commitment to ensuring that the Semiquincentennial becomes a milestone worthy of the American people.

We look forward to working together to make 2026 a year that inspires pride, unity, and renewed confidence in the American spirit.

With appreciation,
Keith J. Krach
